### Settlers and Lands in Hawaii.

The following is the circular letter  
being sent out from the Department  
of Commerce and Industry, to Gov-  
ernors of States and Territories. It  
is especially interesting because of  
the inquiries it makes as to whether  
settlers on land are needed the  
probable number required, and where  
the lands are attainable. This gets  
at the very heart of the immigration  
question so far at least as Hawaii is  
concerned, because the question here  
is one of getting settlers to the land  
and land to the settlers.

The letter was received by Acting  
Governor Atkinson by the last mail.  
His Excellency, the Governor of Ho-  
nolulu, Hawaii, T. H.

Str: Section 40 of the Act of Con-  
gress to regulate the immigration of  
aliens into the United States, approv-  
ed February 10, 1907, provided for  
the establishment of a Division of  
Information in the Bureau of Immi-  
gration and Naturalization. The  
purpose of this Division is to secure  
such information as will aid in the  
proper distribution of immigrants on  
arrival in the United States. See  
page 27 of the Immigration Laws and  
Regulations, a copy of which is her-  
ewith enclosed.

The object in writing you is to ob-  
tain such data, statistical or other-  
wise, as will be pertinent to the work.  
Will you advise to the Division,  
through the Bureau, as to the indus-  
trial conditions in your Territory, by  
answering as fully and completely as  
possible the following questions:

1. Where is the demand for work-
